Legal departments come in all shapes and sizes! There's no magic formula that pinpoints exactly where a legal department falls—or should fall—on the spectrum, but, based on working closely with hundreds of legal departments, the attributes below can serve as guidelines for comparing your department. There are five distinct operational levels that a legal department may fulfill as it strives to meet its organization's needs, from Level 1, where legal gains basic transparency into finances and matters, through Level 5, where legal changes in-house, company, and outside counsel behaviors to maximize efficiency and effectiveness.
